

# MAP

## Rules and Regulations

- Must pay **\$25.00** co-pay at time of office visit or the appointment will have to be rescheduled (**No exceptions will be made**)
- 22-visit limit (including one physical a year)
- Doctors are not accepting new pain management patients
- Must have a face-to-face visit with a provider or charges will be the patient's responsibility (ex- labs will not be covered unless seen by a provider on same dos)
- Basic labs are covered. If a lab is not covered the nurse or provider will have patient sign a waiver stating that the labs are the patient's responsibility and must be paid at time of appointment. If you receive a bill from LabCorp please contact us immediately.
- Medications are not covered
- Vaccines are not covered for adults  
(Patient can pay out of pocket or go to Health Department for administration)
- STD Checks are not covered  
(Patient can pay out of pocket or go to Health Department for this lab work)
- Cosmetic procedures are not covered (ex-skin tag removal)
- DOT, short physicals and TB skin tests are not covered
- Any visit pertaining to an automobile accident or workers compensation injury will not be covered (Must be paid for out of pocket)
- Any medical care received outside of Black River Health Services will not be covered by the MAP program (This includes specialists, hospital stays and procedures, etc.)
- Any patient providing false information will be removed from the MAP program and all charges that have been written off will then become the patient's responsibility.
- If patient's income changes or patient starts receiving insurance please notify the Billing/Insurance office immediately.
- Coverage will expire on June 30 of each year. Must be renewed in person with updated information, if not charges will be the patients responsibility.
